

ISWki

First Edition

Pre Primary and Grade 1-2(Pg 1,2,3)

Learning is now fun

When it comes to learning, fun fulfilled activities make us feel energetic and enthusiastic.

Learners are engaged in various activities which renders learning an enjoyable aspect. Learners through these activities learn to work in collaboration and that is what we are encouraged at ISWki. It is nice to see them working in collaboration.

The Heart Has a thousand tongues

Poster Making

Mask Making

To be creative is

not a talent. It's an art to learn. We use and reuse things to make our learning journey joyful. Mask making is one of the most enjoyable craft that children can be engaged in.

Reading Time

Browsing room inculcates reading habit among learners. A salient feature of ISWki.

“World of Imagination.”

Where Creativity speaks

ISWKi is the epitome of accelerated, immersive schools that is trending recently. It operates more like a large family than a traditional school. Science, Math, Languages, and Social Studies all take a forward position, and the children get a head start. Our students are not only proficient, but excelling beyond what we thought possible. They take great interest in Art, Music and Physical education as well. Not to forget our Vice Principal Mr. Qureshi who so obviously takes a very personal, yet very professional approach to learning, socialization, and administration of our school. We foster the love for drawing and creativity in each and every child.

Art and creativity has been found to be an important outlet for children. Findings from the 'Art Therapy Arena' indicate that art can help young people reconcile emotional conflicts. In addition, creative arts therapies have been shown to improve children's verbal and creative thinking, reading comprehension, and in particular, their self-perceptions of mastery and intrinsic motivation when classroom interventions focus students on their creativity and expressiveness.

Our curriculum emphasizes on

Clay modelling

Pottery

Paper craft

Drawing & painting

Paper quilling

I Love My Class

आओ मात्रा सीखें

आओ सीखें हम 'आ' की मात्रा
द से दाता और छ से छाता
प्यारे शब्द ये, भ से भाता
इन से हमारा है प्यारा नाता।

खेल खेल में हिंदी सीखने, अपने मन की
बात कहने और भाषा से लगन लगाने का
चित्रात्मक तरीका। रंग, चित्र और अक्षर
की कलात्मक अभिव्यक्ति।

Cherishable Moments

On the occasion of world food day on 16th Nov, we at ISWki planned an event named My Dad Super Chef, to mark International Food Day. Fathers were requested to team up with their wards and prepare various cuisines.

Students understood the benefits of consuming healthy fresh food that meet the relevant food quality and safety, with added knowledge about international cuisine

EAT HEALTHY, LIVE HEALTHY

5th of September- teachers day was celebrated with a lot of fun. Learners took it upon themselves to leave no stone unturned in making their teachers feel loved, respected and gratified. The ramp show was an eye catching event organized for the educators , which inscribed an everlasting impression on teachers.

Halloween or Hallowe'en is a celebration that observed in number of countries on 31st October, the eve of Western Christian feast of All Hallows' day. Learners at ISWki marked the event by coming dressed in various captivating attires. The celebration was an initiative taken by the student council who kept it as a surprise. They had planned interesting games which carried prize on winning. Educators as well as learners enjoyed the various activities organized for the celebration.

We feel, we admire, we learn; learning by involvement is a salient feature of our school. Here students celebrate each and every moment. Indian Independence Day was celebrated at school on 15th of August. Even Kindergarten learners attires depicting the tricolor. ISWki is one of those schools where learning is celebrated.

Professional Development Program by Nado Abi Khattar

TECHNOLOGY INTEGRATION

Collaboration, creativity and technology are integral part of education, they all go hand in hand. Keeping the needs of today's learners in mind, ISWki organizes scheduled professional development programs at regular intervals. Educator's program for teaching learning pedagogy and methodology was also taken care of. One such training program was that of an apple distinguished school. The educators were told how iPads could be used as an effective teaching tool, which will meet with the needs of our 21st century learners. Being an apple distinguished school, ISWki aims at reaching the optimum level of teaching and learning.

Recognition

Learning by doing
makes learning
more meaningful.
Foremost step is
Do it yourself.
